PROFESSIONAL SUMMARY

Product designer focused on accessible, research-informed digital experiences. Experienced in discovery interviews, task flows, prototyping, usability testing, and design-system documentation for responsive products.

SKILLS

Figma, FigJam, wireframing, prototyping, interaction design, usability testing, information architecture, WCAG basics, design systems, journey mapping, HTML/CSS fundamentals

EXPERIENCE

Product Design Intern | CommonGood Studio (fictional) | Chicago, IL

May 2025 - Aug 2025

- Synthesized 9 moderated interviews into 4 user needs and a prioritized set of design opportunities.
- Prototyped a mobile appointment flow and tested it with 5 participants; improved task completion from 3/5 to 5/5 in a follow-up round.
- Documented 18 reusable form and navigation patterns in a shared Figma library.

SELECTED PROJECTS

Community Resource Finder | Figma, FigJam

Redesigned a resource-search experience through journey mapping, responsive wireframes, and two rounds of moderated usability tests.

Accessible Checkout Concept | Figma, WCAG 2.2

Designed an accessible checkout prototype with clearer validation, keyboard focus states, and plain-language error messages.

EDUCATION

B.A. Interaction Design | Lakeshore College of Design (fictional), Chicago, IL | May 2026

CERTIFICATIONS

Google UX Design Certificate (sample credential) | Interaction Design Foundation: UX Research (sample credential)
